20 Petitioners Robert Rowen and Teresa Su have filed a motion to vacate the Court's order.
21 (Docket No. 20). Petitioners' motion concerns the order in which Judge Cousins granted a Writ of
22 Entry to the United States to enter petitioners' offices and home for the purpose of searching for,
23 levying upon, and seizing cash and other financial assets that could satisfy petitioners' federal tax
24 liabilities. (Docket No. 4). As Judge Cousins' order noted, the government's application to secure
25 a Writ of Entry established the necessary probable cause. Therefore, the court's order was proper,
26 and petitioners' motion to vacate is denied.

27 For the same reasons, petitioners' emergency petition for an emergency order is denied.

28 The government is instructed to inform the court by Tuesday, July 29, whether the court
should enter a judgment closing the case.
